

CWE™

CUTTING AND WELDING EQUIPMENT EXPO

www.cweonline.in

IMEX™

INTERNATIONAL MACHINE TOOLS EXPO

www.imexonline.com

11th International Exhibition on
Cutting, Welding Materials & Equipment
Laser Technology
EDITION Machine Tools and Allied Products

25 | 26 | 27 **AUGUST 2022**
Pragati Maidan, New Delhi, India

Organised by

Supported by

CO-LOCATED SHOWS

The global metal fabrication market is anticipated to expand at a CAGR of around 4% during the forecast period, 2020 – 2026. Increasing demand for metal processing and machining in the emerging economies is expected to drive the market growth.

Developing economies, such as India, China, and Indonesia, among others, along with industrialized countries, such as Japan and South Korea, have assisted the Asia-Pacific (APAC) region to dominate the manufacturing industry, in terms of demand, particularly with the demand for metal fabrication equipment.

In terms of value, the Asia-Pacific market is expected to register a CAGR of 6.7% between 2018 and 2024. Moreover, the increasing demand for metal cutting equipment is expected to increase the demand for metal fabrication equipment over the next few years.

Welding Consumables Market is expected to grow at a
CAGR 10-11% over next five years from **US\$ 396 mn to US\$ 600 mn.**

Indian Metal Treatment Chemicals Market
is Expected to Reach **US\$ 378.4mn. by 2023**

Indian Industrial Laser Processing market is expected to grow at 19% CAGR to €1 billion by 2021
is expected to reach **US\$ 71.72 bn. by 2023**

Indian Industrial Robotics Market
is expected to reach **US\$ 71.72 bn. by 2023**

The India **FABRICATION MARKET** is expected to grow at 5.5% over the forecasted period 2022 - 2027. This is owing to factors, such as the increasing demand from the manufacturing sector, the rising preference toward pre-engineered buildings and components, and government initiatives toward infrastructure development activities.

The Indian **MANUFACTURING SECTOR** is expected to register a growth of more than six times than the current value, by 2025, to USD 1 trillion. This growth in the Indian manufacturing sector, in turn, is likely to increase the number of manufacturing facilities in the country, which is, thus, expected to drive the demand in the market studied.

The rising demand for **GOODS AND SERVICES** across various sectors in India, combined with the fact that global manufacturing companies focus to diversify their production by setting-up low-cost plants in countries, like India and China.

Within the **PORTS SECTOR**, projects worth an investment of US\$ 10 bn. have been identified and will be awarded over the coming five years.

India to build 700 km of **NEW METRO LINES**, more than US\$ 7.7 bn. Worth of projects are underway in India.

Due to the increasing demand in various sectors such as housing, commercial construction and industrial construction, the **CEMENT INDUSTRY** is expected to reach 550-600 MTPA by the year 2025

The Indian **RAILWAY NETWORK** is growing at a healthy rate. In the next five years, the Indian railway market will be the third largest, accounting for 10% of the global market.

About **CWE & IMEX**

CWE | IMEX, the internationally acclaimed series of exhibitions focusing on Cutting, Welding & Laser Technology, Machine Tools and Allied Industries in India. Over the years, this leading business event has become the only comprehensive business platform for showcasing the entire spectrum of products and services relating to cutting, welding and allied industries. The CWE – IMEX series of exhibition has always been a gratifying experience in terms of organization, participation and generation of new business opportunities in the field of cutting, welding and allied industry.

Today, the exhibition serves as an excellent platform to establish crucial connections in Manufacturing Supply Chain across Various Sectors. The event connects suppliers, manufacturers & fabricators for better business growth.

Exhibitor Profile

Cutting & Forming Technology

- Bending & Forming
- CAD / CAM / CIM / 2D-3D
- Chemicals & Lubrication
- CNC Machines
- Components for Sheet Metal
- Drilling & Finishing
- Fabrication Tools & Aids
- Grinding, Cutting and Preparation
- Machine Tools
- Measuring and Testing Systems
- Separation Tools – Knives / Shear Blades / Punching & Carbide Tools etc...
- Sheet Metal Working Technology

Welding Processes, Equipment & Technology

- Advance Welding Processes
- Brazing & Soldering
- Filler Materials
- Gases & Gas Equipment
- Heat Treatment
- Non-destructive Testing (NDT)
- Plasma Cutting & Welding
- Thermal Spraying
- Welding Automation Systems
- Welding Consumables & Accessories
- Welding Equipment & Technologies
- Welding Materials
- Welding of Non-metals
- Welding Safety Equipment

Laser Technology

- Fiber Laser
- Laser Component
- Laser for Manufacturing (Joining, Cutting & Forming)
- Laser Marking Machines
- Laser Welding Equipment

Industrial Robots for Production Processes

- Arc Welding Robot
- Spot Welding Robot
- Other Robot

Surface Finishing & Electroplating

- Metal Machining and Forming Lubricants
- Surface Grinders
- Surface Preparation, Coatings & Finishing
- Surface Protection

Trade Media / Industry Association

Visitor Profile

- Aerospace
- Auto Components
- Automotive
- Building & Construction
- Cement
- Chemical & Petrochemical
- Computer Peripherals
- Defense
- Earth Moving Equipment
- Electrical & Electronics
- Industrial Machinery
- Iron & Steel
- IT & Telecommunications
- Mining & Metallurgy
- Nanotechnology
- Oil & Gas
- Packaging Machinery
- Pharmaceutical & Biotechnology
- Power & Heating Technology
- Printing Machinery
- Pulp & Paper
- Pumps & Valves
- Railways
- Rubber & Plastics
- Ship Building & Heavy Fabrication
- Sugar
- Textile & Fertilizers
- Transportation & Material Handling
- Water Supply & Water Waste

Job Profile

- CEOs, Senior Executives
- General Managers Plant Head
- Procurement Heads
- Purchase Managers
- R&D Heads
- Production Managers
- Quality Assurance Managers
- Welding Heads
- Welding Engineers
- Design Engineers
- Material Manager
- Maintenance Managers
- Factory Managers
- Consultants
- Policy Makers

SOME BRANDS AT SHOW

									
									
									
									
									
									
									
					<p>and many more...</p>				
									
						<p>and many more</p>			

for EXHIBITOR

- Showcase your latest machinery, technology, products and services to highly focused trade visitors, trade media and trade delegations
- One to One interaction with the industry professionals
- Brand building with the industry and end users
- Explore new business and investment opportunities

for SPONSOR

- Enhance your leadership status
- Educate and inspire a targeted audience with your products and services
- Raise brand awareness and create preference to a targeted audience
- Build leadership status in the industry

for VISITOR

- Explore the latest technology, machinery and services available in the market
- Explore availability of raw materials and suppliers
- Networking platform to connect with leading industry players
- Unparalleled opportunity for business tie-ups

and Much More to Explore...

About us

www.hyve.group

We are Hyve - We create unmissable events, where people from all corners of the globe connect, learn & inspire, sharing extraordinary moments, advancing businesses and helping to shape industries. Our vision is to create the world's leading portfolio of content-driven, must-attend events delivering an outstanding experience and return on investment for our customers. This vision sits at the heart of everything we do and informs every decision we make.

We have more than 130 events taking place every year all around the world, and across multiple industry sectors from fashion to food and building to tourism.
